

DENVER WOODTURNERS CLUB

OCTOBER MEETING

TUESDAY, OCTOBER 3, 1989

7:00-9:00 P.M.

CLASSROOM AT

WOODCRAFT SUPPLY

4403 SOUTH TAMARAC PARKWAY

DENVER, COLORADO

TAMARAC/YOSEMITE EXIT

I-225

290-0007

Bill Brines will be demonstrating greenwood turning at the October meeting.

THANK YOU, DAVID WARD!: At the September meeting David presented an excellent demonstration on turning deep bowls from black willow. Those who attended were impressed with his inventive approach to hollowing tall urns with small openings. David has devised a router-driven "chisel" that looks like a cross between a hard rock miner's jack-leg drill and a praying mantis. As the shavings flew and David turned out a beautiful bowl in record time, impressed murmurs could be heard throughout the room.

.RAFFLE!

Please bring woodturning items that you can donate to the club's monthly raffle. Wood, tools, books, or other items related to turning are raffled at the meeting. Proceeds are used to pay club expenses.

.SHOW-AND-TELL!

Bring your turnings for the monthly show-and-tell.

CLASSIFIED ADS

Bill Funk of Dillon, Colorado, is interested in caravanning to the Seattle Symposium of the American Association of Woodturners. Dates for the symposium are October 13-15. If you are interested, contact Bill at (303) 262-8909

Woodfast lathe for sale. Contact Dave Hicks, Thornton, Colorado (303) 451-5999
