

NEWSLETTER OF THE
FRONT RANGE WOODTURNERS
DECEMBER , 1989

DECEMBER MEETING
WEDNESDAY, DECEMBER 6, 1989
THE WOODWORKER'S STORE
340 SOUTH BROADWAY, DENVER 778-8650
7:00 PM

NOTE THE CHANGES FOR THE DECEMBER MEETING: Our presenter for December's meeting is unable to be in Denver for our normal first-Tuesday date. For this reason, there is a one-time-only change in our meeting day and location. We will meet the **FIRST WEDNESDAY** in December at **THE WOODWORKER'S STORE** on South Broadway.

NATIONALLY KNOWN TURNER AND DEMONSTRATOR
CLEAD CHRISTIANSEN

from the Turning Post Gallery and Shop in Ogden, Utah, will demonstrate at our December meeting. Cleade is an excellent demonstrator who has travelled across the country to Arts and Crafts shows and to demonstrate to many local woodturning groups. He is an expert turner on everything from miniatures to giant burls. There will be an additional charge of **\$10.00** per person for this meeting. Please tell your friends and plan to attend. Clead is an excellent demonstrator and we don't want anyone to miss this opportunity. If this venture is successful, we can begin to plan for other nationally known demonstrators. Lets work on our best turn-out yet for the December demo by Clead Christiansen.

ALSO ON TAP FOR THE DECEMBER MEETING: Plan to come prepared for our usual **RAFFLE** and **INSTANT GALLERY**. We will be flexible on these events so as to get the most out of Clead's demo, but if time allows, we will conduct these normal club affairs.

THANKS, CRAIG AND DAVE: We had two excellent demonstrations at the November meeting. Craig Farthing demonstrated the use of a jig for turning bowl bottoms. Dave Hicks showed us the use of a tool used to cut a cone from bowl blanks, saving it for a second bowl. All those present were impressed with yet two more examples of creative problem solving by woodturners. We also enjoyed the slides of his Seattle Symposium trip shown by Bayard Blessing. Dave Hicks contributed several slides to round out the show.

JANUARY MEETING: Begin the new year right! Plan to attend our club's first meeting of the new decade. We will return to the regular **FIRST TUESDAY** meeting date- January 2, 1990, at **WOODCRAFT SUPPLY**, 4403 S. Tamarac Parkway, Denver.

-CLASSIFIED ADS-

- ◆ **PLANER:** Rockwell/Delta Variable Speed (13"x6") Cabinet Model. NEW- Still in the crate. 230v 3HP motor w/24v Push-Button Station and Magnetic Starter. Mfg. Price-\$4754; will sell for \$1795. Contact Mike Tatem- 770-6080.
