

JUNE 1998

FRWT NEWS

Front Range Woodturners

A Chapter of the American Association of Woodturners

NEXT MEETING JUNE 2, 1998

At our June meeting, our demonstrator will be Todd Bowen. He will demonstrate turning manzanita confetti lamps.

Al Cummins reports that people are reluctant to demonstrate for the club. If you have some speciality or some item that you turn that you think would be of interest to the club, please volunteer to demonstrate.

Henry reports that the club treasury balance is \$918. Members donated \$920 towards the video system purchase and the anonymous donor contributed \$500. Total cost of the equipment was \$1623. Although he is too modest to tell you, in addition to contributing the video stand Gene Wentworth also donated \$100 towards programs this year. Thank you Gene, we DO appreciate it

If you haven't been to a meeting lately, come and see how much the video equipment improves the demonstrations by enabling everyone in the room to see the work in detail.

Mike Darlow has a new book out (1998) "The Fundamentals of Woodturning." I just bought it and cannot give a complete review, but the thing that caught my interest rightaway is the detail in the pictures and drawings. This book just may have the most informative pictures of any of the technique books. Check it out. I got mine at Barnes and Noble, and they have a fair sections of books on woodturning in the crafts section (at 92nd & Sheridan anyway.)

Please check your shelves for any of the club's videos or reading materials and return any overdue materials.

EVENTS

May 28-30 Provo Symposium

June 12-14 AAW Symposium Akron, OH

October 24 Fort Collins club (Rocky Mountain) mini symposium

The Rocky Mountain Woodturners meet every 3rd Thursday @ CSU Ft. Collins, RM 105, Industrial Sciences Bldg
