## Front Range Woodturners

A Chapter of the American Association of Woodturners

Our next meeting will be January 11, 2000, at Schlosser's.

Our guest lecturer will be Paul McClure, a nationally known wood expert and he will speak at length regarding wood properties, specifically toxicity and other health issues. It could be important to you to not miss this meeting.

We are still hoping to get Phil Irons from England to demonstrate early next year, no definite date so far.

Please remember that yearly dues are due January 1, 2000, and that's what keeps the club expenses paid.

The Utah Woodturning Symposium is on again at BYU in Provo, UT.

Dave

I don't think this Y2K thing is any big deal
