News

New Member Badges

New member badges for the year 2002 have been made. Be sure to pick your badge up at the beginning of each meeting and return it at the end. If you do not have a member badge and you are a paid member, contact Ron Embury.

Club Library

There is a good library of books, commercial videos, and videos of previous demonstrations available to be checked out by members. We all know how expensive building a good reference library is, so take advantage of this free service. Use the library card in the back of your badge holder to check out items.

The period for checkout is until the next meeting. If you have items checked out, please be

FRONT RANGE WOODTURNERS

sure to return them by the next meeting so that other members may also use the materials.

If you have items that you would like to donate to the Club Library, contact Jim Applegate.

Bulletin Board

Check out the bulletin board on the side of the library cabinet, or post your own notices.

Volunteers Needed

We are asking for people interested in volunteering in the following:

- We would like a safety shield for the lathe to protect the audience.
- We need help in setting up and breaking down for each meeting. This includes setting up and breaking down the equipment and chairs, and clean-up around the equipment.

Channel 6 Auction

We have been donated 8 items worth over \$1,800 for our table at the Channel 6 Auction. Here are pictures of the items.

Miscellaneous

Shop Tours

We are trying to set up shop tours for interested members. Phil Houck has the sign-up sheet for those interested in giving a tour or going on a tour. Just remember – no one expects a sparkling clean shop, so don't worry about putting it off because you don't have time to tidy up.

Schlosser

Schlosser will be a vendor at the Rocky Mountain Industrial Construction and Process Equipment show at the Denver Merchandise Mart, April 2-4. They will have a lot of clearance merchandise there. The show is open to the public.

In the store, Schlosser has some more new items:

- Porter Cable Pin Nailer, drives 23 gauge pin nails from 1/2" to 1" in length.
- Porter Cable Finish Nailer, drives 16 gauge finish nails from 3/4" to 2 1/2" in length.

Schlosser has a Clearance Center in the store. These are overstock items, discontinued items, floor models, and so on. Some stuff has sold and new stuff has been added. They are excellent deals – one of a kinds, at about the lowest

prices you will see. Once they are gone, they are gone.

In addition, keep in mind that on FRW meeting nights, members of FRW get 5% discounts on equipment and 10% on other products (clearance items are not included in member discounts).

Please note – Schlosser also provides the service of special ordering for items that they may not have in stock. If it is available to them through their providers, they can get it for you. Talk to Phil at Schlosser for more information.
