hands-on class while he's here. Contact Megan Caine at Rockler for more information.

April – Tuesday, April 4. Brandon Mackie will be demonstrating "Log to Bowl."

News

Mike Mahoney Classes

Mike Mahoney will be doing full-day demos at Rockler:

- Wednesday, March 8 – Threaded Urns, 9:00 am to 5:00 pm \$150
- Thursday, March 9 – Utility Bowls, 9:00 am to 5:00 pm \$150

Mike is here from Utah, so this is an excellent chance to get up close to a world-class turner.

All classes are limited to 5 people, so be sure to sign up early. Contact Rockler to reserve a class.

Roster and Badges

The membership roster will be mailed with the April newsletter. If you sign up no later than the March meeting, then you will be included in the roster. If you miss

this deadline, you can still sign up and get all the membership benefits, but you just won't be included in the 2006 roster.

Your membership badges and cards should be in the badge case for the March meeting. The membership cards will be in the badge holders behind the badges.

Thanks, Rockler

Not only does Rockler give us a place to meet and the membership discount, but Rockler also sponsored the travel expenses for Mike Mahoney to come demo for us. Mike is a world-renown turner, and we are privileged to have him here. Many thanks to Rockler for their generosity.

Channel 6 Auction

Once again, it is the annual collection for the Channel 6 Auction to support PBS. Gene Wentworth will be collecting items from FRW members at March meeting. Each item must be worth at least \$75. If we get more than 8 items, we will get a dedicated table for our club.

One benefit of donating is that all artists are invited to a preview show, with lots of appetizers, wine tasting, and artsy folk.

Many Thanks, Richard Bailey and all FRW Members

Richard Bailey issued a challenge to FRW members. He would match

FRONT RANGE WOODTURNERS

up to \$200 toward the Scholarship Fund for all donations from FRW members. By the February meeting, we had received \$100. At the February meeting, we passed a hat and gather \$175!! Richard matched his \$200, so we are ahead. Many, many thanks to Richard's and all FRW members who donated.

Annual Smock Order

Jerry Smith will be taking orders for custom smocks at the March meeting. They will be embroidered with FRW logo and your name *and*, by popular request, have a full-length zipper in the front. All for only \$35, the same price as last year. Cash or a check made out to "Front Range Woodturners" will be required at the time of the order. If you cannot attend the March meeting, call Jerry at 303-466-7912.

The order will be placed with the vendor on March 11, so be sure to get your order in to him before then. Be sure to specify your size and name. Delivery is anticipated for the April meeting.

Please contact Tom at the March meeting with your suggestions or email him at fronrangewoodturners@mesanetwork.com.

All bulk orders depend on making minimum amounts to get the discounts. Again and as always, thanks, Dave, for working so hard to save us all some money.

Miscellaneous

Courtesy During Meetings

We have been requested to please stay seated and quiet during the meeting and demonstration as a courtesy to our demonstrators and fellow members. You feel the need for conversation during the meeting or demonstration, please feel free to step out into the Rockler store.

Also, we must make sure to return promptly after the break to make sure we don't lose time for our demonstrator.

Contacting the Editor

Due to the hundreds of spam emails that Alisa receives every day, she has requested that if you want to contact her via email, be sure to include "FRW" in the subject line. This will help her not miss your email or accidentally delete it when she is clearing the garbage from her inbox. Her email address is alisalimvere@yahoo.com (new).

Problems Receiving Emailed Newsletter?

Unfortunately, many email providers are automatically filtering attachments or entire emails because of the proliferation of viruses and spam. If you have signed up for an emailed newsletter, but haven't been receiving it lately, try the following:

- Confirm that your email inbox isn't full. Many email providers will automatically deny emails without telling you if you've used up your space allotment.
- Check with your email provider to see if they are filtering your email without you knowing.
- If your email provider allows you, add the following email

addresses to your "Always Allow" or "Do Not Filter" list:

alisalimvere@yahoo.com
Limvere@fgn.net
alimvere@mxlogic.com
matotanka@yahoo.com

You may receive the newsletter from any of these addresses.

- Confirm with Alisa (newsletter editor) that your email address is correct.

It's worth setting up to receive the newsletter by email. It saves paper, postage, and you get to see the photos in full color.

If all else fails, you can tell Alisa to send you the newsletter in hardcopy via USPS.

Shop Tours

Phil Houck has the sign-up sheet for those interested in giving a tour or going on a tour. Just remember – no one expects a sparkling clean shop, so don't worry about putting it off because you don't have time to tidy up. ❖

Demonstrations

Megan Caine demonstrated how to make a rustic stool. She chooses a natural-edged blank of about 13"x10"x2" as the seat. She uses a screw chuck to mount the seat and rounds the bottom of the seat into a convex shape using a 1/2" bowl gouge with a pull cut. Once the bottom is the appropriate shape and sanded, she reverses the seat and turns a concave shape for the seat top.

She uses a pull cut (from center to edge) for most of the shaping, being careful towards the outer edge because of the corners. She uses a push cut (towards the center) only where the corner "ghosts" don't show (only in the solid center).

The legs are 25" long and are spindle turned. She mentioned that if you want to have a pommel (the square part of the leg), be sure to part the shoulder first to keep a sharp corner. Turn the rest of the spindle to the largest diameter. Megan uses story sticks to mark where the major changes in shape occur, for consistency. She turned a tenon on one end to insert into holes drilled in the seat bottom.

FRONT RANGE WOODTURNERS

Lastly, she turned 4 cross-braces that would be used to support the legs.

She suggests laying out the stool to confirm angles and lengths, to make sure that you like the look *before* drilling any holes.

After the parts are turned, she drilled 4 holes into the seat bottom at a 12° angle. It was a bit of work to tilt the drill table to get the correct angle, and she had to be careful to set the angle so that the legs would splay out at equal angles from the center.

She also drilled holes in the legs for the cross braces, setting the holes to be 90° from each other and offset in height by about 1.5" ❖

Rockler

Patronizing their store is the best “thank you” we can give Rockler for their generosity in letting us use their facilities for our ever-growing membership. Keep in mind that they keep the register open late on meeting nights just for us. Just be sure to complete any purchases no later than the mid-meeting break so these poor guys can start shutting down and go home.

As always – all FRW members get 10% off all items, except electrical or sale items, all the time. Just present your FRW membership card at time of purchase. (Note: This offer is only good at the Denver retail location, and is not valid for any other location or for Internet purchases.)

If you have suggestions for tools or materials that Rockler can carry, contact Rich Johnson, manager of the Denver store. Rockler web site: www.rockler.com.
