## News

### Library Inventory

Attached is the list of all library items that are available to be checked out by FRW members. This is a very valuable resource provided by FRW for the benefit of its members and to further the knowledge and skills of woodturning. If you added up how much it would cost to purchase all of these items yourselves, you can see the true value of this resource.

To check out items, present your membership card to the librarian, Jim Applegate. Each item can be checked out for one month. Please be prompt in returning library items so that other members can also enjoy them.

If you have suggestions for additional items, please give them to Jim Applegate.

### Meeting Format

We are accepting suggestions for changes to the monthly meeting formats. Please submit any suggestions or comments to Alisa at [alisalimvere@yahoo.com](mailto:alisalimvere@yahoo.com) or by bringing them to the next meeting. Following are areas to consider: Likes, Dislikes, Changes, Additions, anything else you think would be helpful.

### Channel 6 Auction

Many thanks to the 13 members who donated 17 items to the Channel 6 Auction. The total value of the donated items was \$5,110. It is heart-warming to know we have so many generous members and, as always, thanks to Gene Wentworth for organizing the donations.

### Perpetual Bowl Project

It was proposed that we start a "perpetual bowl" project that has been started in other clubs. The concept is for the first cycle, a member makes a bowl and donates it the club. The bowl is the first item in the next month's raffle. The member who wins the bowl must bring another bowl to the next month's meeting. Repeat. It's an excellent chance for members to gain pieces made by other members. The bowls can be as plain or fancy as you want. Beginners can participate just as much as advanced turners. If the

# FRONT RANGE WOODTURNERS

member doesn't want to make a bowl, he/she can choose just the wood, and the next winner can take the bowl.

If someone wants kick this off, bring a bowl to donate to the May meeting.

## *Upcoming Classes*

courtesy to our demonstrators and fellow members. You feel the need for conversation during the meeting or demonstration, please feel free to step out into the Rockler store.

Also, we must make sure to return promptly after the break to make sure we don't lose time for our demonstrator.

## *Contacting the Editor*

Due to the hundreds of spam emails that Alisa receives every day, she has requested that if you want to contact her via email, be sure to include "FRW" in the subject line. This will help her not miss your email or accidentally delete it when she is clearing the garbage from her inbox. Her email address is [alisalimvere@yahoo.com](mailto:alisalimvere@yahoo.com).

## *Problems Receiving Emailed Newsletter?*

Unfortunately, many email providers are automatically filtering attachments or entire emails because of the proliferation of viruses and spam. If you have signed up for an emailed newsletter, but haven't been receiving it lately, try the following:

- Confirm that your email inbox isn't full. Many email providers will automatically deny emails without telling you if you've used up your space allotment.
- Check with your email provider to see if they are filtering your email without you knowing.
- If your email provider allows you, add the following email addresses to your "Always Allow" or "Do Not Filter" list:

[alisalimvere@yahoo.com](mailto:alisalimvere@yahoo.com)  
[alimvere@mxlogic.com](mailto:alimvere@mxlogic.com)  
[matotanka@yahoo.com](mailto:matotanka@yahoo.com)

You may receive the newsletter from any of these addresses.

- Confirm with Alisa (newsletter editor) that your email address is correct.

It's worth setting up to receive the newsletter by email. It saves paper, postage, and you get to see the photos in full color.

If all else fails, you can tell Alisa to send you the newsletter in hardcopy via USPS.

## *Shop Tours*

Phil Houck has the sign-up sheet for those interested in giving a tour or going on a tour. Just remember – no one expects a sparkling clean shop, so don't worry about putting it off because you don't have time to tidy up. ❖

## Demonstrations

Brandon Mackie demonstrated "Log to Bowl."

Brandon starting to round his log cutout. The log is mounted on a faceplate and the tailstock is being used to steady the wood. He roughs out with 3/8" bowl gouge.

Still roughing.

# FRONT RANGE WOODTURNERS

Now that the piece is rounded, Brandon starts to shape the bottom of the bowl. He keeps the tailstock up as long as possible for support.

Be willing to sacrifice some depth to support a better shaped bowl.

Using a push cut to refine the outside shape.

The bowl has been reversed into a jawed chuck and now is being hollowed.

Savings fly!

Cleaning out the bottom and working for the shape. ❖

## Rockler

Patronizing their store is the best "thank you" we can give Rockler for their generosity in letting us use their facilities for our ever-growing membership. Keep in mind that they keep the register open late on meeting nights just for us. Just be sure to complete any purchases no later than the mid-meeting break so these poor guys can start shutting down and go home.

As always – all FRW members get 10% off all items, except electrical or sale items, all the time. Just present your FRW membership card at time of purchase. (Note: This offer is only good at the Denver retail location, and is not valid for any other location or for Internet purchases.)

If you have suggestions for tools or materials that Rockler can carry, contact Rich Johnson, manager of the Denver store. Rockler web site: [www.rockler.com](http://www.rockler.com).
