## Upcoming Events

**Important Note:** Even though a turning challenge is announced for a meeting, this does not mean that other items can't be brought for the show & tell. Feel free to bring in what you've created and don't feel you have to be a master turner to show off your work.

*September* – Tuesday, September 5. Barbara Craig will be demonstrating how to turn and carve wooden forms.

*October* – Tuesday, October 3. Steve DeJong will be demonstrating Christmas Ornaments. Turning challenge: Turned and carved wooden forms "ala Craig."

*November* – Tuesday, November 7, Cindy Drozda will be demonstrating "Metalworking in the woodshop", machine shop techniques for making things out of metal, using woodshop machines.

*December* – Tuesday, December 5. Holiday Party. No turning challenge. Silent Show and Tell. Member swap meet (if space permits). Donated items accepted for the auction.

*January* – Tuesday, January 2. Round-robin demo – multiple demonstrators at multiple stations. ❖

## News

### Auction of FRW Vicmarc

At the September meeting, we held the auction for the Vicmarc lathe that FRW previously used for demonstrations. Richard Bailey won it for a very generous \$1,500 as a representative of the Rocky Mountain Woodturners club. It's nice to know our lathe is going to a good home. Thanks Richard and RMW!

### Woodworking Show

The Woodworking Show will be November 17-19 at the Denver Mercantile Mart. FRW will have a booth at the show, and we would

like to have volunteers to man the booth and possibly demonstrate during the day. Contact Marty Christensen at [mecstoys@comcast.net](mailto:mecstoys@comcast.net) for more information about volunteering.

### Toy Donations Wanted

Last chance to donate is the November meeting. Bill Hopper has made the request for members to make and donate toys to the Christmas Toys Program sponsored by the Woodworkers Guild. They are looking for toys suitable and safe for small children to pre-teens (though, if you have cool toys for teenagers, they would gladly accept those, too). These toys go to needy children in the area, such as foster children, children being protected from domestic violence, etc. For many of these kids, these are the only gifts they will receive for Christmas. The deadline to get the toys to Bill is at the November meeting. Bill will even donate the wood. Feel free to contact him at the next meeting if you have any questions.

### December Holiday Party Volunteer Wanted

Where did the year go? It's already September and we are coming up on another holiday party. The Limveres have volunteered to do the catering again, but won't have time to coordinate the scheduling for a facility. So, we are asking for do a volunteer to do the

# FRONT RANGE WOODTURNERS

---

scheduling, including coordinating a site review with Bear Limvere and the facility managers.

Our facility requirements are the following:

- Tables and seating for 110-130 people
- Access to a full kitchen, including stove top and ovens, if possible
- Our budget is around \$300 or less for rent.
- Handicapped access
- It would be great if it were close to Rockler so that our members can find it easily.

If you would like to volunteer in this capacity, it would be great. Contact Tom Wirsing or Bear or Alisa Limvere for more information. We are running into the holiday season, so we will need to book soon.

## *Scholarship Update*

In summary, FRW has a \$25,000 scholarship donated to the College of Engineering, CSU, with the expectations that it will be used to teach wood technology. Jerry Smith has the final draft of the proposal for review by members before finalizing for implementation. Please contact Jerry if you would like to review the proposal or for more information about the scholarship.

## *Thanks, John Betts*

John has donated a copy of his *hand-written and illustrated* book describing how to make flyrods, flyreels, etc. Be sure to check out this book. Thanks much, John.

BTW – He will have copies for sale sometime in December with a cost of \$20-25. Contact John at the next meeting if you are interested.

## *Volunteer for Program Manager*

Andy Zartman will be stepping down as our Program Manager at the end of 2006. So, we are looking for a volunteer or nominations for a Program Manager for 2007. Responsibilities include the following:

- Contacting and scheduling demonstrators for each monthly meeting, showing imagination, determination, and satisfying the range of interests of FRW members (helped by the recent questionnaire results)
- Coordinating with other local clubs to maximize the value of the demonstrator while sharing expenses, if possible.
- Scheduling and managing additional classes by demonstrators, usually requiring coordination with Rockler.
- Assisting the demonstrator in scheduling travel and housing, if necessary.

## *AAW Membership*

The American Association of Woodturners (AAW) is our “mother” organization. FRW is a chapter of AAW. AAW has a separate membership fee and program from FRW with multiple benefits, not least of which is their quarterly *American Woodturning* magazine. If you join or renew your members online at the below website, you will become eligible to win a Powermatic 3520B lathe.

<http://www.wmhtoolgroup.com/shop/index.sfm?navPage=4&iid=6056397>

Copy the above address into the address field in your web browser.

Check out AAW's website at [www.woodturner.org](http://www.woodturner.org).

## *Upcoming Classes*

We have some excellent opportunities for you to learn from premier turners from all over the world. All these classes have limited spots, so be sure to sign up early. Contact Andy Zartman at 303-859-0724 or via email: [AWZartman@gmail.com](mailto:AWZartman@gmail.com) to reserve a spot.

## *Perpetual Turning Project*

Jim Genack brought a beautiful spalted bowl as his continuation for the perpetual turning. Randy Weems was lucky enough to win it during the raffle. See the Show and Tell for a photo of it.

The concept is for the item brought for the Perpetual Turning Project is the first item in the next month's raffle. The member who wins the turning must bring another turning to the next month's meeting. Repeat. It's an excellent chance for members to gain pieces made by other members. The turning can be as plain or fancy as you want. Beginners can participate just as much as advanced turners. If the member doesn't want to make a turning, he/she can choose just the wood, and the next winner can take the turning.

## *Applications for Demonstrators*

AAW is also asking for applications for demonstrators to the 2007 Woodturners Symposium. Contact them at [inquiries@woodturner.org](mailto:inquiries@woodturner.org) or at 651-484-9094.

## ***Bulk Orders***

The next group orders will be accepted at the October meeting for Craft Supplies and Cutting Edge.

Check with Dave Hawley at each meeting if you have placed an order with him or if you want to participate in one of the bulk orders that he organizes. You can also call him at 303-443-2332 or [dave\\_hawley@comcast.net](mailto:dave_hawley@comcast.net) if you have questions.

By the way, in the last 2 years, FRW members has spent over \$28,000 in these bulk orders. We have built a lot of purchasing power with our members.

## ***Mentoring Classes***

Mentoring classes have been cancelled until further notice.

## ***RMW Invitation***

The Rocky Mountain Woodturners have an open invitation to their monthly meeting. They meet on the first Thursday after our meeting at Colorado State University, Fort Collins, in the Industrial Sciences building, Room 105, at 7:00 pm. Their website is [www.rmwt.org](http://www.rmwt.org).

## ***Volunteers Needed***

We need volunteers who can show up at 5:00 pm at Rockler before each meeting to brew coffee and setup. Please contact Ron Bentall or just appear. We'll put you to work.

## ***Woodcraft Turning Demos***

Pete Holtus does demos every Thursday, 6:30-8:30 pm at Woodcraft, 4403 Tamarac Parkway, Denver. Contact Pete at

303-364-5365 for more information.

## ***Club Library***

### ***Suggested Items***

Contact Jim Applegate for suggestions about materials (books, videos, DVDs) to be added to our club library. The club does have a budget to purchase library materials and look to you to tell us what you want.

Of course, if you want to make donations to the library, all donations are gratefully accepted.

### ***Featured Providers***

**Rocklers**, Colorado Blvd, Denver, provides a 10% discount for club members – see the Rockler section on page 9. Rockler will be keeping the cash register open until the end of the meeting. Try to do your shopping before the end of the break, so that they can get out quickly after the end of the meeting.

**Guiry's Wallpaper and Art Supplies** - All six Guiry's locations are providing to members of Front Range Woodturners discounts on most everything in the store. Give the contractor account number of 7837 and name of "Front Range Woodturners" to the Guiry's cashier to get your discount.

**Wood Emporium**, Loveland, provides a 10% discount for FRW members.

**Klingspor Catalog Orders:** Members who signed up can get their 10% discounts by letting them know you're on the FRW member list. Second, if you order on-line, first send an email to [sales@woodworkingshop.com](mailto:sales@woodworkingshop.com) with your username (format is first name + last initial - i.e., John Smith would be "johns"), billing address, phone # and preferred password. You will receive a confirmation email within 2 business days. Members can be removed from this email list upon request. You can contact Dave Hawley at [davedorothy@comcast.net](mailto:davedorothy@comcast.net) or at 1516 Lodge Court, Boulder, 80303.

Craft Supplies offers monthly deals with special discount codes that expire monthly. Discounts and codes will be announced at each FRW meeting.

## ***Wood Events***

We receive notices of events, classes, or seminars that we think you may find interesting. (Note: FRW is not endorsing these events, but only providing the information for your convenience.)

## Miscellaneous

### Courtesy During Meetings

We have been requested to please stay seated and quiet during the meeting and demonstration as a courtesy to our demonstrators and fellow members. You feel the need for conversation during the meeting or demonstration, please feel free to step out into the Rockler store.

Also, we must make sure to return promptly after the break to make sure we don't lose time for our demonstrator.

### Contacting the Editor

Due to the hundreds of spam emails that Alisa receives every day, she has requested that if you want to contact her via email, be sure to include "FRW" in the subject line. This will help her not miss your email or accidentally delete it when she is clearing the garbage from her inbox. Her email address is [alisalimvere@yahoo.com](mailto:alisalimvere@yahoo.com).

### Problems Receiving Emailed Newsletter?

Unfortunately, many email providers are automatically filtering attachments or entire emails because of the proliferation of viruses and spam. If you have signed up for an emailed newsletter, but haven't been receiving it lately, try the following:

- Confirm that your email inbox isn't full. Many email providers will automatically deny emails without telling you if you've used up your space allotment.
- Check with your email provider to see if they are filtering your email without you knowing.
- If your email provider allows you, add the following email addresses to your "Always Allow" or "Do Not Filter" list:

[alisalimvere@yahoo.com](mailto:alisalimvere@yahoo.com)  
[alimvere@mxlogic.com](mailto:alimvere@mxlogic.com)  
[matotanka@yahoo.com](mailto:matotanka@yahoo.com)

You may receive the newsletter from any of these addresses.

- Confirm with Alisa (newsletter editor) that your email address is correct.

It's worth setting up to receive the newsletter by email. It saves paper, postage, and you get to see the photos in full color.

If all else fails, you can tell Alisa to send you the newsletter in hardcopy via USPS.

### Shop Tours

Please contact Jerry Smith if you would be interested in hosting a shop tour of your shop. You would not need any formal presentation or demonstration unless you would like to. Most members would just like to see how you organize your shop, store equipment and supplies, see any jigs you made or special tools you've made, see some of your turnings and just shoot the breeze in general. It's really kinda fun. You would be surprised to know how much new members appreciate just talking woodturning and getting to know each other. *Try it - you will enjoy it and so will those who come.*

### AAW Scam Warning

The following was received from AAW:

Recently one or more people have received telephone calls to join the AAW or to subscribe to the AW Journal (magazine). Here are the facts:

The AAW does not do any telemarketing or phone soliciting for membership or magazine subscriptions.

The AAW does not endorse any agents to solicit AAW membership or magazine subscriptions.

Any such telephone call you receive to this effect is a form of "phishing," where an unscrupulous person is trying to get your credit card or other personal information for their illegal usage. You should not give out your credit card number or personal information as a general policy unless you initiate the phone call to a known business. ❖

## Demonstrations

Barbara Craig demonstrated how to turn open vases and then carve them.

Barbara Craig. FRW member who has relocated to New York, but returned to do this demo.

Barbara showing how she aligned the wood so that the sap wood highlights the rim.

Closeup of one of her favorite pieces.

Samples of Barbara's work.

Inspiration comes from multiple sources; pottery, nature, other forms of woodworking. She suggests drawing what you see, no matter how bad you think you draw. "Drawing is a natural way of looking."

Outside is roughed and waxed. Barbara uses a china pencil to mark her carving lines. If the piece is pre-waxed, you can rub out and

# FRONT RANGE WOODTURNERS

redraw the lines as needed. Above, she has started to carve out the relief around the areas marked with the lines. She uses the Flexcut hand carvers to begin, then a rotary sanding drill, and then goes to hand sanding.

She will blend the carved out areas with the rest of the vase background, leaving a center ridge between the lines. During sanding, the lines will soften and the ridge rounded.

Hollowing out the center. Be sure not to go too thin or you can blow out at the carved relief areas. ❖

## Rockler

Patronizing their store is the best “thank you” we can give Rockler for their generosity in letting us use their facilities for our ever-growing membership. Keep in mind that they keep the register open late on meeting nights just for us. Just be sure to complete any purchases no later than the mid-meeting break so these poor guys can start shutting down and go home.

As always – all FRW members get 10% off all items, except electrical or sale items, all the time. Just present your FRW membership card at time of purchase. (Note: This offer is only good at the Denver retail location, and is not

valid for any other location or for Internet purchases.)

If you have suggestions for tools or materials that Rockler can carry, contact Rich Johnson, manager of the Denver store. Rockler web site: [www.rockler.com](http://www.rockler.com).
