Upcoming Events

Monthly meeting times: Social Hour is 5:30-6:15, Club Business, Gallery, and Wood Raffle begins at 6:15. Demonstration follows the break.

Important Note: Even though a turning challenge is announced for a meeting, this does not mean that other items can't be brought for the show & tell. Feel free to bring in what you've created and don't feel you have to be a master turner to show off your work. Everyone has to start as a novice.

The next regular meeting will be on May 6th.

The Turning Challenge for May's meeting is – a hollow form where the opening is not the largest diameter of the bowl.

Upcoming Demonstration

May 6th: Glen Lucas – bowls. A frequent exhibitor in exhibitions of Irish craftsmanship in Ireland and overseas, Glenn makes one-off pieces that find their way into important collections such as the Dept of Foreign Affairs Embassy

Collection and the Royal Dublin Society Collection. In addition, numerous dignitaries have received a Glenn Lucas one-off piece as a gift from Heads of State such as President Mary McAleese.

Mentoring Dates:

Mentoring will be scheduled for the Wednesday evening after the club meeting. They are held at Bob Carver's shop at 6:30 PM.

Ladies of the Lathe

The next LotL meeting will be on May 17th in the basement of Rockler from 9 AM to 3 PM. Newcomers are welcome!

Executive Board Meeting

The next Executive Board Meeting will be held on July 12th at 9 AM in the basement of Rockler. The general membership, as always, is welcome to come.

Librarian's Corner

Colorado's own Mark Gisi has recently released a video on segmenting pens and other small projects. As soon as the backorders are filled, FRW will be adding a copy to your library. In the meantime you may checkout the latest from Malcolm Tibbetts; *Segmenting and Turning Large Scale Pieces of Furniture*. In your library as TIB-08. We have also received 2 videos featuring Nick Cook (has demonstrated for FRW on several occasions). These are COO-06 and COO-07. The long awaited, little publicized video from Canadian turner Andre Martel explains his process for "end-grain" turning larger items in MAR-07.

Gone but not forgotten; videos in VHF format. Alan Holtham, U.K., recently granted FRW permission to copy his VHS file to disc. This is a milestone as it was our last video not on disc. Look for his video in disc format in the next several weeks.

Lastly but perhaps most important: Ed Cypher, one of the regular librarians who normally assists you at our checkout table will be missing for the next several months as he recovers from surgery. His e-mail is cypher4691@msn.com for those of you who wish to say hello and send him some get well wishes. We look forward to his return in a couple of months..

Regards,
Bob Britt
FRW Librarian
