Upcoming Events, Classes, Shop Tours, and Symposiums

Upcoming Events

Monthly meeting times: Social Hour is 5:30-6:15, Club Business, Gallery, and Wood Raffle begins at 6:15. Demonstration follows the break.

Important Note: Even though a turning challenge is announced for a meeting, this does not mean that other items can't be brought for the show & tell. Feel free to bring in what you've created and don't feel you have to be a master turner to show off your work. Everyone has to start as a novice.

The next regular meeting will be on June 3rd.

The Turning Challenge for June's meeting is – a bowl like Glen Lucas demonstrated at the meeting.

Upcoming Demonstrations

June 3rd: Kip Christensen

This demonstration will include how to make a dozen-plus projects that are fast and fun to turn. This will include how to work with a variety of materials, chucking methods, turning techniques, simple methods for surface decoration, and turning tools.

(Projects will be selected from the following list: egg, sphere, ball & cup game, 6-in-1 screwdriver, curly fries, Christmas ornament, Christmas ornament stand, tea light, fridge magnet with chatterwork, golf ball paper clip holder, stick pen (Bic insert), ice cream scoop, KC twist pen, kitchen whisk, carving mallet, spinning top, off-center door stop, spatula, desk clock.)

About Kip: Kip Christensen, PhD, is a Professor in the School of Technology at Brigham Young University in Provo, Utah. His primary teaching areas include furniture design, wood prototyping, manufacturing, and supervising student teachers in Technology and Engineering Education. Dozens of his students have received national recognition for having furniture they designed and built accepted into juried exhibitions and published in books featuring exceptional furniture designs.

Kip is also a well-known woodturner. He has co-authored three books and co-produced eight instructional DVDs about woodturning. His work has been published in over two-dozen books and he has authored several articles regarding woodworking and technology education. His work is housed in numerous collections both public and private.

Kip is a versatile and efficient turner whose work is characterized by

clean lines and fine detail. He is known for his clear and energetic instruction, his turned lidded containers, and for pioneering the use of antler for artistic turning. As an educator, Kip has a particular interest in woodturning education and is often involved in teaching turners about techniques and projects used in teaching others how to turn.

Ladies of the Lathe

The next LotL meeting will be on June 21st in the basement of Rockler from 9 AM to 3 PM. Newcomers are welcome!

Executive Board Meeting

The next Executive Board Meeting will be held on July 12th at 9 AM in the basement of Rockler. The general membership, as always, is welcome to come.

Clean Up Crew

The June Clean Up Crew volunteers are Doug Hill, Keith Motzner, and Howard Longee.

Thanks to Gary Starritt, Joe Stearns, and John Dunn for cleaning up in May.

Group Purchases and Individual Catalog Orders

Please see the FRW website for the Group Purchases and Individual Catalog Orders details. Copies are also available at the Group Purchase table before meetings. Please make checks payable to Roger Holmes for Craft Supplies and Woodcarvers Supply group purchases. Make checks for CA Glue and Sanding Disks payable to Del Fussell. To participate in Individual Catalog Orders sign up on the sheet that is passed around at each meeting.

Quarterly Group Buy Schedule:

Group purchase orders for Industrial Abrasives, Starbond CA Glue, Craft Supplies and Woodcarvers Supply will be taken at the monthly meetings in **January, April, July and October.**

Group Buy Contact Information:

Roger Holmes – 1844 W. Plum Cir.,

Littleton, CO 80128 – 303-973-8216 -
woodturnerted@gmail.com

Note: If Rockler stocks an item, please purchase that item from Rockler at their 10% club discount. We owe that to Rockler for being a wonderful host to our club.

Librarian's Corner

I will not be with you for the June meeting due to family events. Mike Busse has graciously agreed to watch over the library activities in my absence. Mike will gladly see that your questions/concerns get passed along to yours truly. Thank you Mike for filling in. While attending the recent Utah Symposium a number of videos from demos for the Utah Association of Woodturners were purchased. Some of these turners are quite well known and some have demonstrated at the Loveland Symposium.

The subjects touch on many aspects of turning and there should be something of interest for everyone. These DVDs will not appear in the on-line library PDF until next month. They are listed as follows and will be ready to be checked out at the June meeting.

BAS-01 Bruce Bassett _ Corian
Pendant

BES-02 Dave Best - Dye, Resin
and Christmas Ornaments

KAR-01 John Kartchner – Birds
Mouth Bowl
REC-01 Stan Record - Box
Making
WAG-01 Joe Wagner – Nimble with
a thimble
Bob Britt - FRW Librarian

Events of May

Demonstration

Glen Lucas started with a nice slide show showing his shop and operations for his production bowl turning business and followed it up an interesting demonstration of how he turns a bowl.

He started by doing a critique of several items.
